Today's Highlight

Northern Monk/Barworks, R.E.S.P.E.C.T

30 women joined forces in February to brew one of the biggest collaborations we've ever attempted to celebrate International Women's Day.

The result is an IPA using Norwegian Kviek yeast known to offer pineapple, orange and blood orange notes. The Beer was Dry hopped with Citra, Simcoe, Motueka & Ekuanot for an upfront zinginess and a tropical back bone.

The release of this beer ties in with International Women's Day and £0.10p of each pint and can sold will be donated to a charity that supports women & members of the LGBTQ community who do not have ready access to menstrual hygiene products or education due to poverty, asylum seeker / refugee status or other reasons. /www.bloodygoodperiod.com/
